## BATIK BOTANICAL QUILT

### MIX & MATCH QUILTING COLLECTION

Each quilt block has a unique and beautiful floral design that weaves throughout the square. A filigree background stitch holds down the batting instead of a traditional stippling stitch to give the base fabric a luxurious and delicate detail.

## KEEPSAKE SACK

### PROJECTS COLLECTION

No longer do you have to run to the store and spend an arm and a leg on an expensive gift bag that just ends up in the garbage, or at the bottom of a hall closet. These Keepsake Sack designs are sure to bring that special touch of not only thoughtfulness, but also utility!

## SNOWY CONFETTI QUILT

### MIX & MATCH QUILTING COLLECTION

Each block in this collection is created with a series of standard appliques that get covered with paper cut snowflakes and a layer of sheer organza overtop creating a perfect icy-looking finish!

*Uses paper confetti!*

## TAG, YOU'RE IT!

### PROJECTS COLLECTION

These free standing tags are a wonderful and thoughtful addition to any gift. Each design comes with a set of tags; a larger, eye-catching tag, then a smaller tag that adds some extra interest.

## PROJECT 119

### HEART BELLY POUCHES

The Heart Belly Pouches collection gets its name from the little window in each of the designs. Shaped like a heart and made of vinyl, these pouches have the perfect peekaboo to provide a teaser of what's inside.

### NEEDLEPOINT SNOWFLAKE TRIVETS

These snowflakes are sure to make a statement in your winter weather decor! Each design has been specially digitized to create a build up of threads for each individual pixel of color, overlapping for a total of 15 plies, mimicking that embroidery-floss look in a few swaps of thread color.
